## *Winter Camps at the SAC Aerospace Museum*

December 26, 2018 through January 4, 2019

### ***Winter Adventure***

Selected from the most popular camps these offerings inspire cooperative learning in students as they work together to discover, learn, and have fun!

#### ***Camp Offerings***

***Above & Beyond*** includes a mix of aviation and space activities with a “learn to fly” ride in our flight simulators!

***Drone Challenge*** is perfect for those who want to learn how to fly a drone. Campers will complete obstacle courses and other aviation activities.

***Robotics*** camps are designed to utilize multiple hands-on activities with a variety of lower and higher tech equipment, such as Spheros, Cubelets,

and Lego Robotics designed to teach problem-solving skills in a fun and engaging way.

**Game On** is a coding camp where campers build their own video game and unleash their creativity by devising a board or card game.

## ***REGISTER ONLINE***

Advanced registration is required. Camp information with a listing of dates and combo offerings can be found at [SACMuseum.org](http://SACMuseum.org).

**CLICK  
HERE**
